

Curl Revive Foam

Formulation

This formulation features mild, plant-based ingredients in a pumpable styling hair foam that is designed to be used between washes to redefine curls, hydrate, and control frizz. Featured ingredients include Colonial BetaNat , Cola®Quat SLCC , and Cola®Lipid GS to provide lightweight conditioning and eliminate frizz, creating soft smooth curls with bounce. Poly Suga®Mulse D9 is also featured to incorporate fragrance and provide foam. To use: Pump foam into hands and gently work through hair, then scrunch. This product can be used between washes on dry hair to revive curls, or after cleansing on damp hair.
