

# Curl Reviving Foam (Quat-Free, Silicone-Free)

## Formulation

This Curl Reviving Foam formulation features safe, mild ingredients in a pumpable styling hair foam that redefines curls, hydrates, and controls frizz so you can rock your natural, second-day curls looking fresh and revived. Featured ingredients include Cola<sup>®</sup> Lac 426 and Cola<sup>®</sup> Lux SAO for weightless conditioning, and Cola<sup>®</sup> Moist 200 to reduce fly-aways and volumize, giving hair body movement while maintaining control. Poly Suga<sup>®</sup> Mulse D9 provides foam and incorporates fragrance to give hair a clean, subtle scent throughout the day. This formula is free of silicones and conditioning quats. To use, pump foam into hands and work through hair, then scrunch. This product can be used between washes on dry hair to revive curls, or after cleansing on wet hair to protect from heated styling tools.

### PHASE A

PHASE TOTAL: 100.0000%

#### PHASE INSTRUCTIONS

No phase instructions provided.

TRADE NAME	INCI NAME	FUNCTION	W/W %
