

Soft N' Clean Foaming Hand Wash

Formulation

This formulation features Cola[®] Lux CAO-35 along with Poly Suga[®] Quat TM-8610P providing a dense, cushiony foam for use in a pump foamer bottle. These mild, high foaming surfactants minimize irritation and allow for repeat washing without causing excessive dryness. This formulation is also suited to easily incorporate antibacterial quats for an active ingredient claim.

PHASE A

PHASE TOTAL: 100.0000%

PHASE INSTRUCTIONS

No phase instructions provided.
